

# May is Better Hearing & Speech Month

Most Americans go to the dentist, the eye doctor, and their primary physician on a regular basis. But many Americans neglect their hearing, and hearing health is just as important! Hearing plays a huge role in our health, and hearing loss has been linked to medical conditions like depression, cognitive decline, and dementia. One out of five Americans suffers from hearing loss, and most people never address it. As part of Better Hearing Month, Hear 4 U/Hear 4 Kidz is encouraging you to be more aware of your hearing health. **Join us now for our Better Hearing Event and take advantage of these special offers!**

## Special offer for *Our Keys* readers:

- **Complementary Consultation**  
to determine if a hearing instrument could change your life, or if you have healthy hearing
- **2-Week Test Drive**  
test drive a pair of state-of-the-art hearing aids for no cost or obligation for two weeks to see if you notice an improvement in your hearing. From that point, it's up to you to decide if a listening device is right for you.
- **Charging Kit**  
get a Hearing Aid charging kit with purchase of 7 or 9-level technology

If you find yourself struggling to hear, currently wear a hearing aid that you're unsatisfied with, or are just curious about your hearing health, please take advantage of this special offer. We're confident that you'll love how a hearing instrument can improve your life. You have nothing to lose, so call us today to reserve your space!
